## WE BEAUTIFY THE WORLD

### A PIONEER IN COSMECEUTICALS

The success story of Janssen Cosmetics started with the vision of creating care products that go beyond those products already available on the cosmetics market! Company founder Walther Janssen set out in search of highly efficient active ingredients that go beneath the skin and promise more than the superficial skincare that was the norm until that point. Providing great results right down to the deepest layers of the skin was the challenge faced by Janssen Cosmetics in 1990.

A symbiosis of pharmaceutical and cosmetic active ingredients form the basis of today's Janssen Cosmetics care products and make the transition from true beauty to scientifically sound skincare an easy one. Only active ingredients with convincing visible, tangible results and high skin tolerability are used in the care products of Janssen Cosmetics.

Thanks to close cooperation with esteemed dermatologists and leading research laboratories, JANSSEN COSMETICS has succeeded in creating system care products that meet the skin's diverse needs perfectly. Each cosmeceutical series is based on an active ingredient concept that is perfectly tailored to various skin types and achieves immediate and long lasting skin improvement.

Today, the product range from Janssen Cosmetics includes more than 250 commercial and treatment products for your beauty cabinet. Whether it be deep impact cosmeceutical products, premium luxury care or relaxing wellness rituals – Janssen Cosmetics leaves no wish unfulfilled!

We place the highest value on quality and skin tolerability. All products bear the "Made in Germany" quality seal and have been awarded TÜV certification. From extracting the raw materials through to processing and bottling the product – at Janssen Cosmetics, every step in our quality management process is meticulously controlled and documented. The latest active ingredient complexes, processing techniques and research results will be promptly reviewed and considered for new developments.

Outstanding commitment pays off! In recent years, we have been awarded many prestigious awards, one of which was being named COMPANY OF THE YEAR in Miami in 2011. Janssen Cosmetics has also won the "Prix de l'Innovation" innovation prize for new products 5 times in a row in the cosmetics capital of Paris. In 2017, we were awarded the coveted Spa Diamond Award in Germany for our Platinum Care premium line. In addition, we were awarded the GERMAN BRAND AWARD for "Industry Excellence in Branding" in the category "Beauty & Care" in 2018.

We have been working in the name of beauty with passion and flair since 1990. Today we make people feel beautiful in over 80 countries!

2nd generation senior management: Reinhard & Ulrich Janssen

# COSMECEUTICALS

## YOUR TREATMENT ROOM: DIVERSE AND CUSTOMER-FOCUSED

Success begins in the treatment room: Unique treatments to help you stand out from the competition and retain long-term customers are sought after here.

That's why our team of experts develop highly effective, state-of-the-art treatment room concepts based on the special JANSSEN COSMETICS methods. Individually tailored to all the different skin types and skin conditions.

From immediate solutions with skin problems through impact treatments to luxurious pleasure and wellness treatments.

The building block principle by JANSSEN COSMETICS also allows you to freely select your individual methods and beauty products for your studio.

The treatment room is the best place to sell products. We help you here too: Together, we test the best and most profitable methods for making your treatment room even more successful.

The right solution for every customer: An exceptionally diverse range of products for you to combine as you wish in the treatment room.

## DRY SKIN

### MOISTURE BOOSTER FOR DRY SKIN

The DRY SKIN active ingredient system with hyaluronic acids is a true moisture booster: In your treatment room and with home care, different high active ingredient concentrations provide intensive and long-lasting moisture – and therefore optimal protection.

They strengthen the skin's protective film, alleviate wrinkles due to dryness and give your customer's complexion a noticeably fresh radiance.

## MATURE SKIN

### AN ANTI-AGING HIGHLIGHT IN YOUR SALON

MATURE SKIN is the innovative anti-aging series with powerful active ingredients from the house of the cosmeceutical experts. The modular system care for the special requirements of mature skin reactivates the skin's natural renewal process and removes of any small optical blemishes. MATURE SKIN leaves no sign of skin aging unaddressed.

The powerful active ingredients of the CELLULAR REGENERATION COMPLEX (CRC) comprehensively regenerate mature skin and strengthen the skin's structure. Red clover extract alleviates wrinkles, firms the skin and moisturises. Kombucha, a multi-active ingredient from fermented black tea boosts radiance.

## MAKE UP

### RADIANT, NOURISHING, ELEGANT

Indispensable for your treatment room: Your client wants to be able to rely on top quality, especially when it comes to high-quality make-up for special occasions such as bridal or festival day make-up.

Professional camouflage that can be mixed to suit every skin tone, set with perfect fixing powder to become smudge proof and waterproof, giving your client confidence and a fantastically even skin tone that is reliable.

Present the ANTI-AGING DIFFERENCE compared to conventional make-up.

### Perfect Radiance Make Up

Retail 30 ml

Ref. 8700.00 - 04

Perfect Radiance Make-up contains special coated pigments based on amino acids. These make it easy to spread, ensure its colour remains consistent and enable it to bond to the skin extremely well. At the same time, light-reflecting pigments give the skin an even, flawless complexion and a velvety finish. An innovative film former holds the cosmetic in place for hours. Perfect Radiance Make-Up offers wearers a perfect combination of tinting and nourishment. Important anti-aging active substances such as hyaluronic acid moisturise the skin and reduce wrinkles. In addition, UVA and UVB filters provide reliable protection from photoaging. The foundation is easy to apply and leaves the skin feeling uniquely pleasant. Perfect Radiance Make-Up is available in four graduated colours.

## SUN

### Measurable sun protection and in-depth skin care at the same time

The SUN series from JANSSEN COSMETICS enables pleasurable bronzing whilst enjoying twofold sun protection:

1. Innovative photo stable light protection filters offer highly-effective protection against UVB and UVA radiation.
2. The unique biological active substance ectoin® increases the cell's native defenses against UV radiation and loss of moisture.

Ectoin® is a natural substance which is found in the deserts and salt lakes of Egypt. It penetrates into the skin easily due to its low molecular weight and protects it against stress factors such as heat, cold and UV light by supporting the cells' own repair and protection mechanisms. This increased protection against UV radiation also reliably contributes towards the avoidance of premature photo-aging (light-related skin aging). Furthermore, ectoin® regulates the cells' natural moisture content and prevents them from drying out.

#### Sun Shield SPF 30

Retail 150 ml Ref. 8830

Sun Shield SPF 30 contains intensified sun filters with "high" sun protection. The additional cell protection factor ectoin® cares for and protects sun-sensitive skin. The use of Sun Shield SPF 30 is tententially recommended for skin type I: very light skin, lots of freckles, very fair or strawberry blond hair, light eyes.

#### Sun Shield SPF 50

Retail 75 ml Ref. 8850

With its ultra-strong sun filters, Sun Shield SPF 50 offers "high" sun protection and protects the skin against unwelcome hyperpigmentation. Further advantages include its easy distribution. Generous application of Sun Shield SPF 50 is recommended for skin type I: very light skin, lots of freckles, very fair or strawberry blond hair, light eyes.

#### After Sun Lotion

Retail 200 ml Ref. 8890

After Sun Lotion contains highly-effective natural substances which eliminate skin irritation and balance out moisture deficits. The cooling effect is fast and reliable. The skin is prevented from sloughing off prematurely – a precondition for long-lasting and even bronzing.

The SUN series products offer measurable sun protection and in-depth skin care at the same time

Innovative photo stable light protection filters offer highly-effective protection against UVB and UVA radiation.

The unique biological active substance ectoin® increases the cell's native defenses against UV radiation and loss of moisture.

The skin's self-protection time (depending on skin type) and the specified sun protection factor are used to calculate the light protection time. One factor is multiplied with the other.

**Example:** Normal, unprotected skin reddens after about 10 minutes of intensive exposure to the sun. SPF 30 provides sun protection which is 30 times higher:  
 $10 \text{ minutes} \times 30 \text{ SPF} = 300 \text{ minutes of UV protection.}$

After that, the sun protection is exhausted and withdrawing to a sun-free area is recommended.

**The following always have to be observed:**

- Prevent the product from coming into contact with the eyes and mucous membranes.
- Allow the sun protection to work in completely to prevent e.g. discoloration of textiles.
  - Apply before sunbathing (approx. 30 min.).
  - Avoid the intensive midday sun.
- Apply several times to maintain sun protection.
- Protect babies and young children from direct exposure to the sun.
- Use protective clothing and sunscreen products with a very high sun protection factor (SPF of over 30) for babies and young children.

## BODY

### EFFECTIVE PROBLEM-SOLVER FOR THE BODY

Products from the BODY SERIES have been awarded the PRIX DE L'INNOVATION: You will find the correct effective product with long-term impact for every wish. Firming, boosting circulation, strengthening, shaping and lifting.

From size zero to the queen of curves: Innovative active ingredients combat problem areas and guarantee your clients a shapely silhouette with noticeably firmer contours.

JANSSEN COSMETICS offers you a complete, customisable treatment programme. With full body masks, packs, massage creams, wraps – we provide everything that a professional salon needs.

Award-winning compounds and treatment concepts  
FOR YOUR STUDIO'S SUCCESS

#### Oxygenating Body Scrub

Retail 200 ml Ref. 7000  
Prof. 1000 ml Ref. 7000P

After the peeling, the skin is smoothed, the circulation stimulated and the skin's ability to absorb subsequent active substances increased. Oxygenating Body Scrub possesses stimulating and caring contents from algae and plankton extracts. The mineral and trace element contents lend the skin perceptible smoothness.

#### Body Toning Modelage

Prof. 500 ml Ref. 7510P

Active substances and special care concentrates are better absorbed by the skin following pretreatment with Body Toning Modelage. This is a particular advantage, especially during cellulite and lifting treatment. Application: For a full or partial body treatment, distribute Body Toning Modelage over the body's skin and massage. Then wash your hands. **Note:** The increase in circulation may lead to an intensive sensation of heat erythema and/or itching.

#### Body Sculpturing Massage "Tuscany"

Prof. 1000 ml Ref. 7580P

The rich massage cream with Q10 is ideally suitable for carrying out intensive partial or full body massages with the objective of stimulating the micro, blood and lymphatic circulation in such a way that accumulations of fluid are mobilized. The cardiovascular system and lymphatic flow are activated and the body's functions revived in this manner. Unattractive "dimples" disappear; the skin is left looking smooth and supple.

## Dead Sea Black Mud "Al Nadara"

Prof. 4x500 g Ref. 7687P

Dead Sea Black Mud "Al Nadara" originates 100% from the Dead Sea. Thanks to its astringent and absorbent properties, the mud has a cleansing and smoothing effect on the structure of skin and hair. Even stressed joints are provided with rapid relief. Application: Cover the treatment couch with film. Generously apply the mud onto the areas of the body to be treated using the hands. Seal the film to form a body wrap. Rinse residues off under the shower or simply remove using moist, warm compresses after allowing the pack to work in for approx. 20 minutes.

## Multi Action Algae Pack "Brittany"

Prof. 4 kg Ref. 7688P

The algae body pack is a fine powder mixture consisting of brown and red algae. It is simply mixed with water to form a smooth paste and can be used to treat the entire body. Multi Action Algae Pack "Brittany" is a sensible addition for the effective treatment of cellulite. The skin's native regeneration process is sustainably supported. The skin is left feeling perceptibly firmer, smoother and more supple after each application. Application: Cover the treatment couch with film. Apply the pack onto the body using a brush. Seal the film to form a body wrap. Rinse residues off under the shower or simply remove using moist, warm compresses after allowing the pack to work in for approx. 20 - 30 minutes.

## Cryogenic Alginate "Arctic"

Prof. 4 x 150 g Ref. 7690P

Cryogenic Alginate "Arctic" is a multifunctional, algae-based peel-off mask. During application, this soft modeling is transformed into a plastic surface film and shapes the contours of the bust and legs in an impressive manner. Application: Cover the treatment couch with film. Mix 1 sachet (150 g) with 300 ml water (approx. 20°C) to form a smooth paste and immediately distribute over the bust and neckline. After allowing the product to work in for approx. 20 minutes, peel the mask off in one piece.

### TIP FOR PROFESSIONALS

Use the range of special BODY treatments for your salon: "Cellulite Aid", "Volumise and Lift" and "Vital & Fit" are luxurious treatments with accelerated effects.

## Body Contour Booster

Retail 150 ml Ref. 7801  
Prof. 300 ml Ref. 7801P

Cellulite is not your destiny. With the right combination of intensive care, sport, nutrition and discipline, you can combat cellulite and fat cells. Body Contour Booster is a refreshing, thermoactive gel with an innovative formula that cares for your figure. The mustard sprout extract and capsaicin contained in the Cellu-Slim Complex have been shown to reduce cellulite and create a slimmer silhouette. Cellu-Slim Complex stimulates the conversion of fat-storing cells into fat-burning cells. Clinical studies carried out over 8 weeks have confirmed the fast-acting, strong and visible slimming and anti-cellulite effects of the complex.

## Perfect Bust Formula

Retail 75 ml Ref. 7700  
Prof. 200 ml Ref. 7700P

In addition to the genetically related aging process JANSSEN COSMETICS implements a holistic treatment concept: 1. Smoothing of the surface of the skin and improvement of firmness, 2. Improvement of elasticity and 3. Increase in volume.\*\* This lifting bust care contains quince, green algae, white lupines and mangosteen.

## Vitaforce ACE Body Cream

Retail 200 ml Ref. 7240

This is a silky smooth body cream enriched with the three most valuable vitamins, vitamins A, C and E, as well as shea butter, hyaluronic acid and Pentavitin®.

## Stretch Mark Cream

Retail 200 ml Ref. 7230

Longitudinal, initially slightly raised, bluish to brown-red marks may occur due to excessive stretching of the skin or hormonal influences which reduce the skin's elasticity. Over time, these are transformed into flat and pale scars. Stretch Mark Cream is a smooth active substance lotion which develops a pleasantly cooling effect immediately following application. Pregnancy and stretch marks pale when applied regularly. With Siegesbeckia orientalis, mango seed oil, vitamin C phosphate and vitamin E acetate.

## Hand Care Cream

Retail 75 ml Ref. 7210

Hands reveal a person's true age. As an uncovered part of the body, the hands are regularly exposed to the influences of wind and weather. Hand Care Cream combats chapped, irritated and reddened hands with active substances which have long been highly regarded in the field of herbal remedies. In the long-term, a protective film is built up in the sense of an invisible glove. With echinacea, chamomile and farnesol.

## Body Lotion "Isoflavonia"

Retail 200 ml Ref. 7900

All women desire youthfully soft and firm skin from head to toe. Body Lotion Isoflavonia ensures smooth and supple body skin in the long-term. The isoflavones which are contained act to combat hormonally-related collagen and elastic fiber breakdown and promote the skin's supportive strength in the upper layers of tissue. Feminine contours are harmoniously defined with extra anti-aging active substances. With iris root extract, kombucha, mango butter, vitamin E acetate and allantoin.

## EXFOLIATION SYSTEM

### Effective skin renewal with fruit acids

JANSSEN COSMETICS has developed the highly effective "Exfoliation System": Here, fruit acids work effectively on the skin surface with instantly visible results.

Instant and effective impact – the perfect preparation for your subsequent treatment with our cosmeceuticals, concentrates, creams and masks. This professional treatment system may only be used by trained JANSSEN COSMETICS partners.

### Cleanser

PP 250 ml Ref. 5700P

Cleansing lotion (pH 4.2) with glycolic acid, salicylic acid and fruit acids. Apply onto the face, neck and neckline and massage in gently. Then remove with lukewarm compresses. Avoid contact with eyes or mucous membranes. Wash off immediately in the event of skin intolerabilities. Do not allow to work in for longer than 3 – 5 minutes.

### pH Neutralizer

PP 250 ml Ref. 5710P

Gel with alkaline pH value of 8 for neutralizing acid-treated skin. Apply onto the skin with a brush. Pay particular attention to the wings of the nose and corners of the mouth. Allow to work in for approx. 1 minute until tingling is no longer noticeable. Then remove thoroughly. Neutralize a second time if necessary.  
**Attention: avoid contact with eyes or mucous membranes.**

### Exfoliator 20

PP 50 ml Ref. 5720P

Peeling gel (pH 4.2) with glycolic acid and fruit acids (20%). Apply onto cleansed skin with a brush.  
**Time required to work in: 3 to 20 minutes max.**  
**Wash off. Then apply pH Neutralizer.**

### Exfoliator 30

PP 50 ml Ref. 5730P

Peeling gel (pH 3.6) with glycolic acid and fruit acids (30%). Apply onto cleansed skin with a brush.  
**Time required to work in: 3 to 15 minutes max.**  
**Wash off. Then apply pH Neutralizer.**

## Exfoliator 40

PP 50 ml Ref. 5740P

Peeling gel (pH 3.6) with glycolic acid and fruit acids (40%). Apply onto cleansed skin with a brush.

**Time required to work in: 3 to 8 minutes max. Wash off. Then apply pH Neutralizer.**

## Exfoliator 60

PP 50 ml Ref. 5760P

Peeling gel (pH 3.6) with glycolic acid, salicylic acid and fruit acids (60%). Apply onto cleansed skin with a brush.

**Time required to work in: 3 to 5 minutes max. Wash off. Then apply pH Neutralizer.**

### Attention:

**Must only be used as described in manufacturer's instructions.**

Apply only on intact skin. Do not undertake any depilation prior to the application of fruit acids. Do not allow products containing fruit acids to get into the eyes or onto mucous membranes.

In the event of skin intolerabilities, wash off immediately and then treat with pH Neutralizer. The skin reveals increased sensitivity to light after peeling; it is therefore vital to apply high UV protection, e.g. Face Guard plus, over the coming weeks.

Store out of the reach of children – for external application only.

For professional application only.

It is vital to observe the relevant Exfoliator's individual exposure time. The exposure time is precisely stated in the product description and is dependent on the concentration of the Exfoliator and the skin condition to be treated. Please remain with your customer in the beauty salon during the exposure time so that you can immediately wash the product off from the skin and then neutralize the skin in the event of undesired side-effects.

Methodical treatment with EXFOLIATION SYSTEM is only intended for professional use in the beauty salon. Optimum results are achieved if application is carried out as a course of treatment over a period of 4 weeks:

**1st week: Exfoliator 20**

**2nd week: Exfoliator 30**

**3rd week: Exfoliator 40**

**4th week: Exfoliator 60**

2 treatments can be performed during each treatment week.

The Exfoliator concentration increases from week to week in order to slowly accustom the skin to the fruit acids and avoid irritation caused by the higher concentration Exfoliator.

Depending on treatment objective, the repetition of 1-2 cycles is possible.

The individual treatment sequence always remains identical.

## AMPOULES

### Instant remedies from effective, intensive concentrates

A vast range of 12 different ampoules, precisely tailored to each individual skin requirement and condition. Hyaluron is an active ingredient which optimally complements the high-quality ampoule formulas! All ampoules penetrate the skin easily and can be enhanced through iontophoresis and ultrasound.

**Application:** Break off the top of the ampoule, protecting your hands with a paper tissue, and pour the entire content into the palm of your hand. Then apply evenly over the face and neck, and press in gently. For external use only!

**\*Application note:** Application with iontophoresis only if the skin condition permits. Product electrode polarity: NEGATIVE (-), duration: 3-5 minutes.

### Hyaluron Fluid

Retail 7 x 2 ml Ref. 1951  
Prof. 25 x 2 ml Ref. 1951P

Hyaluron Fluid sustainably moisturizes "thirsty" skin. The structure of the hyaluronic acid is vitally important in this case. Whilst long-chain hyaluronic acid forms a protective film on the epidermis, the short-chain hyaluronic acid acts at a deeper level. The vast quantities of moisture which are bound here lead to a genuine lifting effect: the skin is smoothed from the inside out.\*

### De-Stress

Prof. 25 x 2 ml Ref. 1911P

De-Stress causes skin irritation to disappear! The oil-based ampoule concentrate soothes sensitive skin both quickly and reliably. It is colorless, odorless, resistant to oxidation and neither too light nor too oily. It is suitable for use in a gentle massage in the beauty salon. With skin defense complex,  $\alpha$ -bisabolol, isostearyl-isostearate (shortened to ISIS) and macadamia nut oil.

### Couperose Fluid

Prof. 25 x 2 ml Ref. 1921P

As couperose involves damage to the blood vessels rather than temporarily extended blood vessels, patience and discipline are necessary to achieve genuinely long-term success. Containing 5% sensitive complex, the special Couperose Fluid ampoule offers crucial assistance in achieving this. On application of an active substance solution containing just 3% sensitive complex twice per day, initial success was measurable after only 14 days: the number of visible capillaries was reduced by 20%.

### Normalizing Skin Fluid

Prof. 25 x 2 ml Ref. 1941P

Serum for normalizing oily, blemished skin. Regular application of Normalizing Skin Fluid normalizes sebum gland activity, therefore leading to visible improvement of the affected skin profile. With anti-sebum active substance complex plus hyaluronic acid, aloe vera and salicylic acid.\*

**Stem Cell Fluid** Prof. 25 x 2 ml Ref. 1995P

Stem Cell Fluid supports skin regeneration by protecting and fortifying human skin cells. The life cycle of the cells is extended in this way. Hyaluronic acid additionally strengthens the moisture retention barrier of skin which requires regeneration. With an extract from apple stem cells plus long- and short-chain hyaluronic acid.\*

**Anti-Wrinke Booster** Retail 7 x 2 ml Ref. 1992 Prof. 25 x 2 ml Ref. 1992P

Highly concentrated anti-wrinkle serum with skin-tightening Instensyl® & Gatuline® Expression biopolymers and a hyaluronic acid complex.

**Caviar Extract** Retail 7 x 2 ml Ref. 1991 Prof. 25 x 2 ml Ref. 1991P

In times of increased susceptibility to stress, the facial contours appear particularly slack and tired. What is now required is a stimulant to regenerate and activate them. With its biological active substance extract, Caviar Extract offers an ideal stimulant. With hyaluronic acid plus extracts of caviar and artemia.\*

**Eye Flash Fluid** Retail 3x1,5 ml Ref. 1900\_3 Prof. 25 x 2 ml Ref. 1900P

Hydrating eye serum with hyaluronic acid and a peptide complex. The fatigued skin around your eyes will appear significantly smoother.

**Skin Contour Fluid** Prof. 25 x 2 ml Ref. 1917P

Skin firming concentrate with elastin-stimulating peptides which encourage elastin synthesis in the fibroblasts, strengthen the structure of the connective tissue and lift the facial contours.

**Detox Fluid** Prof. 25 x 2 ml Ref. 1929P

Detox Fluid contains active substances that support the skin's natural process of breaking down damaged cell components. Highly active avocado peptides ensure that proteins that are no longer needed are broken down into smaller, recyclable fragments. The cell is relieved of its cellular waste, regaining almost the same vitality as a young cell. A special kind of yeast extract rich in  $\alpha$ -glucan also activates the process of breaking down larger oxidized proteins and lipids, including the "age pigment" lipofuscin.

**Melafadin Fluid** Retail 7 x 2 ml Ref. 1981 Prof. 25 x 2 ml Ref. 1981P

Melafadin Fluid is a special concentrate with effective skin brighteners which inhibit melanin synthesis at its very source, block melanin maturation and finally inhibit melanin uptake into the horny layer's cells. With lipoamino acid, vitamin C phosphate, plant extract SORR plus hyaluronic acid.

## PEELING MASKS

### Pure deep cleansing for genuine deep action

Guaranteed exceptional deep cleansing following classic surface cleansing. This optimally prepares the skin for immediately absorbing the intensive active ingredients:

The skin can breathe – the highly concentrated form of purely natural ingredients then allows for the further penetration of the applied active ingredient concentrates.

### Enzyme Peeling Mask

Prof. 300 g Ref. 7807P

With the aid of the Enzyme Peeling Mask, the cement substance between the horny lamellae, the keratin of the horny layer itself, is dissolved. At the same time, the enzymes also penetrate between the blackhead plug and the follicle wall, thereby partially loosening or dissolving the sebum and horny mixture. As a result of this, skin impurities are effectively prevented or removed, the skin profile is refined and the skin is optimally prepared for the subsequent treatment. With kaolin, papain and bromelain.

### Thermo Peel Mask Cranberry

Prof. 300 g Ref. 7570P

Peeling and care mask go “hand-in-hand” in this product. This takes place under special physical circumstances: on application, Thermo Peel Mask Cranberry has a perceptible warming effect. With a temporary “hot flash”, application of this product is a very special experience! For all skin types that want to regain new freshness and smoothness whilst ensuring protection against premature skin aging. With cranberry extract, grape seed oil, zeolith, kaolin and panthenol.

## DERMAFLEECE MASKS

### Select purest collagen masks

These active ingredient masks are characterised by exceptional purity: Processed into a biomatrix in a special production process, the Dermafleece masks act as both the active ingredient and its carrier.

Extreme hydration and intensive anti-irritation guarantee a highly effective treatment process for every skin type and condition.

**Application:** Place DERMAFLEECE MASKS onto the non-oily area of skin which is to be treated, moisten with Mask Activator and allow to work in for approx. 20-30 minutes. Finally, peel the mask off in one piece. Gently press in any moisture remaining on the surface of the skin.

#### Collagen Aloe Vera

Prof. 1 blister  
Ref. 8104.902

Ideal for sensitive, irritated skin. This skin condition may occur in the case of both dry and rather more oily skin types. Collagen Aloe Vera has a soothing and balancing effect. The skin's hydration is optimized thanks to the high moisture binding capacity of the collagen. With collagen and aloe vera.

#### Collagen Allantoin & Panthenol

Prof. 1 blister  
Ref. 8104.903

Fleece mask for demanding skin. Ideal in the case of light-damaged and stressed skin. The skin profile reveals a conspicuous loss of resilience, is unevenly hornified and has a tendency to form wrinkles prematurely. Collagen Allantoin & Panthenol revitalizes and effectively balances out moisture deficits. With collagen, allantoin plus panthenol.

#### Collagen Vitamin C

Prof. 1 blister  
Ref. 8104.912

Fleece mask for demanding skin. Ideal in the case of light-damaged, prematurely aged skin, in order to avert premature light-related damage or as prophylaxis for tired, lifeless skin. Thanks to the high vitamin C content, the formation of new collagen fibers is stimulated and collagen breakdown is slowed down. At the same time, the moisture content is increased and the skin is visibly smoothed. With collagen plus vitamin C phosphate.

#### Collagen Caviar Extract

Prof. 1 blister  
Ref. 8104.913

The fleece mask has a moisturizing effect, protects the collagen and elastic fibers and clarifies the facial contours, leaving the skin looking velvety. Caviar extract stimulates the formation of new cells, is an ideal radical scavenger and promotes the skin's microcirculation. With collagen plus caviar extract.

### Collagen Fair Skin

Prof. 1 blister  
Ref. 8104.917

Collagen Fair Skin's active substances support skin brightening and simultaneously mobilize the defensive system. This enables damage caused by stress factors such as UV light, dryness and heat to be effectively prevented and premature light-induced skin aging to be avoided. With collagen, alpha arbutin, citric acid, liquorice root extract, Ectoin® plus grape seed extract.

### COLLAGEN EYE

Eyelid Mask (bean)  
Eye Pad (oval)

Prof. 1 blister  
Ref. 8106.901  
Ref. 8109.901

Lyophilized fleece mask consisting of pure, native collagen. Ideal for specific treatment of the eye area. "Eye lifting" for the beauty salon. Premature wrinkles in the eye area are effectively combated. Note: Collagen eyelid mask is ideal for "crows' feet". Collagen eye pad is also ideal for the lip contours. Tip: Ideal in combination with the Lifting Effect ampoule.

### Collagen Pure

Prof. 1 blister  
Ref. 8104.901

The fleece mask for all skin types is outstandingly suitable both for restoring lost moisture to the skin and for improving and firming the structure of the skin tissue. The skin therefore regains added resilience and suppleness, and is left looking fresher and more recuperated. With collagen.

### Collagen Hyaluron

Prof. 1 blister  
Ref. 8104.915

Collagen Hyaluron counteracts the moisture deficiency of dry skin. This intense moisturizer and wrinkle filler instantly smooths and plumps up the skin. The skin-smoothing effect is visible and noticeable to the touch after as little as one application. Dryness lines are visibly reduced, and the skin takes on a firmer, more toned and fresher appearance.

## PEEL OFF MASKS

### Multifunctional applications, intensive effects

High-quality powder masks for an intensive impact. With the most successful natural main active ingredients on the market. Exclusively developed for treatment room application, active ingredients infiltrate the skin in an especially effective way.

They work exceptionally well when integrated into treatment processes and are optimally combined with ampoules. Multifunctional uses for facial and partial body treatments.

### Dead Sea Black Mask

Prof. 10 x 30 g  
Ref. P-837P

The absorbent property of the alginate mask is optimally supported by the addition of active substances obtained from Dead Sea sediment. Those skin profiles which tend to reveal blemishes, increased sebum gland activity and extended pores particularly benefit from its skin-clarifying character. The addition of tea tree oil offers effective protection against further blemishes.

### Acerola Vitamin C Mask

Prof. 10 x 30 g  
Ref. P-832P

Acerola Vitamin C Powder Mask vitalizes tired, lifeless skin and promotes its firmness with the fruit extracts from Acerola cherries. Vitamin C additionally stimulates collagen synthesis and promotes lifted skin from the depths.

### Botanica White Mask

Prof. 10 x 30 g  
Ref. P-834P

Botanica White Mask is an alginate-based powder mask. It is enriched with the high-quality herbal complex consisting of mulberry root, grape and saxifrage extracts. The enzyme activity responsible for producing melanin is extensively inhibited. Ideal in the case of hyperpigmentation such as e.g. liver spots or chloasma, etc.

### Spirulina Green Mask

Prof. 10 x 30 g  
Ref. P-831P

Spirulina Green Mask gently stimulates the metabolism thanks to its occlusive effect. Waste products and accumulated tissue fluid are rapidly transported away. A significantly improved skin profile is rapidly achieved.

## Snow Algae - Hydrating

Prof. 10 x 30 g  
Ref. 8350P

Peel-Off Alginate Mask: refreshing and invigorating. With moisturising snow algae extract. The contents of one pack (15 g) are suitable for one application. Combine powder with approx. 40ml (20°) drinking water using a fan brush to produce a spreadable mixture. Apply mask to the skin using a fan brush and leave it to take effect for approx. 20 minutes. Then remove the mask as a thin layer from the skin.

## Aloe De-Stress

Prof. 10 x 30 g  
Ref. 8355P

Aloe De-Stress mask is a soothing and moisturising mask based on the calming effect of Aloe Vera. The innovative FILMALGINE® basis of the mask (alginate, soya peptides and soya isoflavones) also has an anti-aging effect. For sensitised skin it is not only necessary to strengthen the skin's natural protection mechanism, but to also calm it sustainably and alleviate irritation.

## Olive Balancing

Prof. 10 x 30 g  
Ref. 8366P

Olive Balancing normalises dry and oily skin with olive oil and silica. The innovative FILMALGINE® basis of the mask (alginate, soya peptides and soya isoflavones) also has an anti-aging effect. Caring for combination skin is always a challenge because a balance needs to be found between the dry and the oily areas. Any excess oil needs to be removed, while the dry areas need to be supplied with nourishing active substances.

## Goji Anti Oxidant

Prof. 10 x 30 g  
Ref. 8399P

Goji Anti-Oxidant mask improves the skin's natural defensive and protective functions, while simultaneously re-energising and refreshing the skin. The mask contains extracts from the special chinese Goji berry. Goji antioxidant mask improves the skin's natural defensive and protective functions while energising and refreshing the skin. The mask contains extracts from the special Goji berry. This berry is native to China where it is referred to as the "fruit of longevity". Its high antioxidant content is the best protection against free radicals and in combination with vitamin E it forms an effective defence against premature photoaging.

## APPLICATION

- 1st step: Protect the customer's hairline with tissues and headband.
- 2nd step: Apply an active substance concentrate corresponding to the skin type onto the areas of skin to be treated and press in gently. Allow to work in for a 2 - 3 minutes.
- 3rd step: Mix the peel off mask. Quickly mix 30 g powder with approx. 90 ml Mask Activator (room temperature) to form a smooth paste.
- 4th step: Evenly apply the thick mask mixture onto the face and neck in downward strokes using a spatula. Omit the mouth and eye area (or include them after consulting the customer). Allow the mask to work in for 15 - 20 minutes.
- 5th step: Simply peel the mask off downwards from the forehead. Remove the residue with moist sponges or compress.
- 6th step: Then apply the appropriate care cream.

### **Important note:**

*Please do not mix the mask over the sink or pour mask residue into the drain. Always allow mask residue to dry in the mixing bowl and dispose of in the domestic waste.*

## FACIAL CREAM MASKS

### Naturally Fragrant Smooth Cream Treatments

Instantly ready-to-use cream masks with an especially smooth texture and fragrant natural scent. This creates an additional pleasant atmosphere whilst the active ingredients are being deeply absorbed. Suitable for every skin type, especially tailored to achieve anti-aging, soothing or revitalising skin treatment goals. Excellent in combination with the targeted ampoule.

#### White Tea Moisture Mask

Prof. 200 ml  
Ref. 8550P

The skin's moisture balance is noticeably optimized and maintained for a number of hours. Plant-based moisturizers ensure fresher skin and smooth wrinkles caused by dryness. The white tea extract not only supplies additional moisture but also stimulates the skin's microcirculation at the same time. The polyphenol content reduces the occurrence of free radicals and protects dry and environmentally-stressed skin against cell damage.

#### Fruit Peel Cream Mask

Prof. 200 ml  
Ref. 8540P

Fruit Peel Cream Mask refines the surface of the skin with an exotic mixture of fruit. The slightly acidic pH value (pH 4) inhibits the tendency towards blemishes and inflammation with optimal skin tolerability. Freshly formed cells appear more quickly on the surface of the skin and immediately ensure a fresher appearance. With alpha hydroxy acid (AHA), saccharide isomerate, isostearyl-isostearate (ISIS) and bisabolol.

#### Age Defying Cream Mask

Prof. 200 ml  
Ref. 8500P

Age Defying Cream Mask maintains the youthfulness of demanding skin and cares for it, leaving the skin looking more beautiful. Highly-active peptides stimulate the production of repair enzymes in the skin. In this way, the skin is better protected against external influences such as e.g. oxidation and UV radiation. With rice extract, isostearyl-isostearate (ISIS), bisabolol and glycerin.

### Lift Contour Cream Mask

Prof. 200 ml

Ref. 8510P

Lift Contour Cream Mask remodels skin which is in need of regeneration and firms it from its depths. The skin is helped at the point at which aging begins. Elastin-stimulating peptides reduce cheek sagging and leave mature skin looking considerably younger. With elastin-stimulating peptides (ESP), isostearyl-isostearate (ISIS), bisabolol and glycerin.

### Pomegranate Cream Mask

Prof. 200 ml

Ref. 8560P

Pomegranate Cream Mask is the optimum instant booster for tired, drawn skin. The secret behind this vitalizing anti-aging mask is the valuable extract of pomegranate blossom, a powerful exotic fruit that has symbolized life and beauty in many cultures since time immemorial. Together with alpha bisabolol it creates an innovative combination of active anti-aging ingredients that promote collagen synthesis reduce age related reduction of collagen fibres.

### Moor Cream Mask

Prof. 200 ml

Ref. 8530P

Moor Cream Mask is the cream pack with vitalizing effect. The valuable constituents of high moor peat noticeably revive the complexion. The pleasant, balsamic fragrance of dwarf pine supports the effect of improved capillary circulation and enhances the vitalizing effect in the skin. With high moor peat, allantoin and glycerin.

### TIP FOR PROFESSIONALS

FACIAL CREAM MASKS are even more effective when they are used in combination with an ampoule preparation from the AMPOULES series. The classic facial treatment becomes particularly varied and is transformed into a solution-oriented power program for all skin types.

### Revigorating Face Mask

Prof. 150 ml  
Ref. 5504P

Extraordinary gel mask used as a preparatory mask. Highly stimulates blood circulation resulting in increased supply of oxygen and nutrients to the skin and assists in the removal of built up toxins. Increases the absorption of active ingredients.

### Thermo Face Mask

Prof. 4 x 440 g  
Ref. 5540P

Self-heating mask with thermal effect. The true "all-rounder" among the masks, which has a double impact and impressive lifting effect: Heat and vascular dilation helps significantly boost the penetration of active ingredients and after cooling and vascular constriction, the active ingredients are "sealed" in an ideal way.

### Relaxing Massage Cream

Prof. 200 ml  
Ref. 5580P

For professional facial and body massages: Rich water/oil emulsion for face and body with an especially smooth and rich consistency. Supports your targeted massage by stimulating the micro and blood circulation and mobilises active lymphatic drainage.

### Herbal Skin Ointment

Prof. 200 ml  
Ref. 5520P

Smooth beneficial, soothing herbal cream: The optimal complement and completion of wellness for often neglected areas such as hands, feet, elbows during a face and décolleté massage. Intensive healing cream for the treatment of distressed and uncomfortable skin on the face, body, hands, feet and elbows. With echinacea for stimulating the healing process and farnesol for regeneration.

## Mask Activator

Prof. 500 ml Ref. 5589P

Prof. 1000 ml Ref. 5590P

The BASE and the MUST-HAVE basic for all masks: PEEL-OFF, DERMAFLEECE AND MASSAGE FLEECE PURE. Demineralised tonic, infuses the masks with moisture and promotes their effectiveness and kindness to skin.

## Hydrogel Mask Face

Prof. 3 x 1 blister

Ref. 8207P

Refreshing algae mask for intensive moisture penetration. Lipid free, transparent hydrogel basis with hyaluronic acid and hyalurosmooth™, ensures the effective transport of active ingredients into the skin. The result: A significantly more radiant and smoother complexion.

## Biocellulose Mask

Prof. 10 pieces

Ref. 8205P

The professional mask for active ingredient concentrates: Extremely flexible and absorptive, effective active ingredient carrier: With immediate noticeable effect. Gentle and supple the mask cools and intensively infuses the skin with a generous amount of moisture. Application can be customised to skin type.

## Biocellulose Mask Face & Neck

Prof. 3 pieces

Ref. 8206P

Skin-firming, anti-aging luxury for face and neck. The innovative premium mask, especially absorptive for the Effect Serum guarantees your client an instantly noticeable and visible revitalisation with firming and smoothing effect.

## Massage Fleece Pure

Prof. 1 set

Ref. 8301.901

Massage gel for intense moisture penetration during facial massage. Extremely high quality natural biomatrix with brown algae and phytosqualane, the gel is lipid free, cooling, odourless and very easy to use. The massage fleece dry matrix is activated with individually chosen ampoules therefore customizing the treatment for your client.

## APPLICATION of BIOCELLULOSE MASK

Cleanse and exfoliate the skin, apply an active substance concentrate corresponding to the skin type and gently press into the skin.

**1st step:** Open the mask sachet, remove the contents and place on a plate. Carefully unfold until the facial oval is lying fully on the plate. The biocellulose mask is located centrally between two protective carrier layers: a blue fleece and a white nylon fabric.

**2nd step:** Slowly peel off and dispose of the blue fleece. Now place the biocellulose mask onto face and press gently. The second carrier layer consisting of nylon fabric (white) now points upwards. Simply peel this off and dispose of.

**3rd step:** Adapt the biocellulose mask to the facial contours using a spatula to create a "second skin". Smooth out any air bubbles.

**4th step:** Allow to work in for 15 -20 minutes.

**5th step:** Peel the biocellulose mask off from the forehead and continue the treatment as desired or conclude it (e.g. massage or concluding cream).

# SKIN APPLETS MAKE UP

## TREATMENT SEQUENCE

### Pre-treatment

- Cleanse with a cleansing gel/lotion appropriate to the skin type.
- Refresh with a corresponding tonic.

### Deep cleansing

- Carry out a facial or body exfoliation
  - ▶ Removal of dead skin cells
  - ▶ To remove dead skin cells and to smooth areas of uneven skin allowing improved penetration of subsequent products

### Skin care

- Skin care cream according to the skin's type, condition and needs.

### Apply camouflage cream

- Using a spatula, mix a pea-sized quantity of one or more shades of PERFECT COVER CREAM and mix until the color combination matches the skin color tone.
- Apply onto the skin using a make-up sponge. If necessary, moisten the sponge slightly and work the cream in well. Apply in thin layers.
- Repeat the process until the desired coverage intensity is achieved.

### Apply fixing powder

- Fix the cream in place by applying a generous quantity of Perfect Fixing Powder on top so that the camouflage cream holds well. Allow to work in for 10 minutes, the camouflage cream is then waterproof and wipe-resistant.
- Use a soft bristle brush to remove excess powder.

### Blusher and make-up

- Apply a little blusher to accentuate the face naturally. Then apply make-up as usual.

### Camouflage cream removal

- Using the special cleansing cream massage thoroughly over the area of make-up
- Remove the cream with a paper tissue.
- Then apply a cleansing lotion appropriate to the skin type to subsequently cleanse the skin.

### Skin care

- Skin care cream according to the skin's type, condition and needs.

**TIP:** PERFECT COVER CREAM colors 01 and 02 are outstanding concealers for e.g. rings around the eyes. Simply pat the cover cream over the dark eye area using a fingertip. In the case of dehydrated skin, use an eye cream beforehand. Then distribute Long Lasting Make-up or tinted day cream over the entire face to balance. PERFECT COVER CREAM colors 05 and 06 are outstanding for accentuating the cheeks. To do this, simply apply a little cover cream along the arc of the cheekbone in the same way as blusher.

## OCEAN TREASURE

The power of the ocean activates and revives

The depths of the oceans hide invaluable treasures for our body. These gems straight from the sea enrich our skin with unparalleled vitality and freshness.

### THE RESULT:

A silky skin with a visibly firmer silhouette.

### Marine Salt Body Rub

Prof. 1000 g  
Ref. P-8671P

Finely powdered sea salt as a peel additive for massage oil. Finely-ground marine salt crystals enriched with the oily extract of Laminaria algae combine the full force of the ocean to form a mild effective, peeling powder. The abrasive power of the marine salt crystals smoothes the skin, vital substances comprised of salt and algae (minerals and trace elements) provide the metabolism with a special stimulant.

### Marine Melody Body Pack

Prof. 1000 ml  
Ref. P-8680P

Stimulating and nourishing ingredients obtained from Atlantic green algae extracts make this cream body pack a particularly moisturising treat for your skin.

## SWEET TEMPTATION

### Sweet temptation for the skin

With chocolate, you can offer a genuine “endorphin remedy”: The body secretes its own dopamine, making your treatment an enjoyable overall experience. As a result, you relieve tensions and create harmony. The skin appears energetic, smooth and firm again.

#### THE EFFECT:

**Fragrance and pure enjoyment – a perfect wellness offer in the winter season.**

#### Delicious Seduction Scrub

Prof. 1000 ml  
Ref. P-8676P

Body peel with cocoa extracts. Delicious seduction scrub is a unique spa experience for the skin and the senses. On application, this skin improving creme gel releases an intense chocolate fragrance. Delicious seduction scrub effectively removes rough skin and makes dry skin look smoother and suppler, particularly during the cooler months of the year.

#### Creamy Chocolate Body Pack

Prof. 1000 ml  
Ref. P-8686P

Creamy chocolate has a delicious melt-in-the-mouth taste, now it is possible to have that feeling on your skin too! The smooth consistency of this creamy body pack makes it easy to apply and spread over the whole body. It is the perfect treat for the skin, because it feels velvety soft and incredibly smooth. Dry skin becomes beautifully soft again. The cocoa fragrance is relaxing and stimulates body and soul.

## PURE HARMONY

### Inner balance for body and soul

White tea is the finest of all tea varieties. For almost 5,000 years it has been treasured in Asia as one of the most valuable medicinal plants in existence. With an extremely high content of polyphenols, its extract is particularly effective in preventing premature aging of the skin. Revitalising, whilst at the same time skin irritations are relieved and calmed.

### THE BALANCING TREATMENT

Regeneration from head to toe with renewed vitality and revigoration for body and soul.

#### Well Being Body Scrub

Prof. 1000 ml

Ref. P-8677P

Well being body scrub with natural camelia sinensis extract is a balance restoring, skin improving body peel. on application, this pastel green skin improving creme gel releases an intensive green tea fragrance. It was developed especially as one element of a "PURE HARMONY" spa ritual treatment. The white tea extract releases valuable antioxidants and already cares and protects the skin even as it is being exfoliated.

#### Calming Body Pack

Prof. 1000 ml

Ref. P-8681P

Creamy body pack which makes the body skin velvety soft. Especially dry skin becomes beautifully soft again with the help of the tea extract's skin strengthening properties, which reduce free radicals. After every application, the body silhouette is visibly smoother and the skin is more resilient. The rebalanced metabolism and the "tea treatment pack" fragrance immediately create a sense of well-being.

## VINO ENJOYMENT

### The anti-aging power of the red grape

Thanks to its vitalising and rejuvenating properties, wine therapy is a wonderful and proven anti-aging treatment for inducing beauty and well-being.

#### THE RESULT:

Visible and strengthened skin.

#### Luxury Reviving Scrub

Prof. 1000 ml  
Ref. P-8674P

Luxury Reviving Scrub with natural vine leaf extracts is a skin improving body peel. On application, this mauve skin improving creme gel releases an intensive fresh, reviving fragrance. It was developed especially as one element of a "VINO ENJOYMENT" spa ritual treatment. Luxury Reviving Scrub is perfect for removing dead skin cells and improving the skin. It improves the absorption of follow-on skin care products, and dry skin looks suppler and smoother.

#### Vitalizing Body Pack

Prof. 1000 ml  
Ref. P-8684P

The smooth consistency of this creamy treatment pack makes it easy to gently apply and spread over the whole body. It is like treat for the skin: velvety soft and incredibly smooth. Especially dry skin becomes beautifully soft again. Red vine leaves have a truly phytotherapeutic effect on diffuse redness and heavy legs. The vine leaf extract's active ingredients stabilise the vascular walls and tighten the skin.

## YOUTH PERFECTION

### Superfood that regenerates your whole body

The highly bioactive ingredients in cranberries protect the cells from oxidative stress. With the concentration of sodium, phosphorous, potassium and vitamin E, your treatment intensively stimulates cell division.

#### THE RESULT:

**A youthfully tender, smooth skin surface – The Fountain of Youth for your clients.**

#### Younger You Body Scrub

Prof. 1000 ml  
Ref. P-8678P

Younger You Body Scrub with natural cranberry seed oil smooths the epidermis and removes dead skin cells, impurities and calloused cells. On application, this pastel pink skin improving creme gel releases an intensive fruity and sweet fragrance. Cranberry seed oil contains polyunsaturated fatty acids and  $\alpha$ -tocotrienol and has strong antioxidative properties.

#### Rejuvenating Body Pack

Prof. 1000 ml  
Ref. P-8687P

A “fruit sorbet” especially for the skin! The smooth consistency of the cream pack makes it easy to spread all over the body and has a fruity fresh fragrance. Even just one application turns the usually quite dry skin on the body into a soft covering. The bioactive substances contained in the cranberry seed oil transports “anti-aging power” to the salon. The particularly high  $\alpha$ -tocotrienol and fatty acid content has a firming and smoothing effect on the skin.

## NATURE EXPERIENCE

The invigorating power of pure nature:

An pampering experience beyond compare with pure extracts. Copper beech stimulates cell metabolism whilst peat moss extract with its humic acid has an exceptionally skin clarifying and invigorating effect. Blueberry seed oil with unsaturated fatty acids smooths and firms.

### THE EFFECT:

Reviving power of nature in your salon delivering smoothing and firming effects.

### Green Freshness Scrub

Prof. 1000 ml  
Ref. P-8679P

Green Freshness Scrub is a natural scented body peeling. The smooth creme gel contains pumice powder, which has an exfoliating effect. Green Freshness Scrub thoroughly cleanses the skin and prepares it perfectly for the application of follow-on skin care products.

### Balancing Body Pack

Prof. 1000 ml  
Ref. P-8689P

Creamy body pack which is easy to gently apply and spread over the whole body. Even sensitive skin benefits from the reviving effect of the peat extract in this body pack. Balancing Body Pack is a wonderfully nourishing and strengthening body-skin treatment. Any mask residues can easily be massaged into the skin and leave it feeling beautifully soft.

## ESSENTIALS

Special essentials products that are a must for every salon and can be added to all treatments.

### Body Massage Oil

Prof. 500 ml  
Ref. P-8788P

Body Massage Oil is a high-quality oil obtained from the nuts of the macadamia tree. The light yellow nut oil contains a high quantity of palmitoleic acid and is an outstanding skin moisturizer and softener.

### Refreshing Shower Gel

Prof. 1000 ml  
Ref. P-8701P

Refreshing Shower Gel with algae extracts and sea minerals cleanses the body especially gently and thoroughly. The rich, silky foam caresses the skin, leaving it feeling fresh and well cared-for, without drying out. Combined with sea water, a unique complex of brown, green and red algae revitalises the skin and supplies it with valuable sea minerals and trace elements. Lipid-promoting agents help to maintain the skin's lipid protection.

### Body Gel Pack

Prof. 3 L  
Ref. P-8871P

Body Gel Pack is a fruity, red gel with a refreshing consistency with the vitalizing and rejuvenating properties of cranberries. In wellness treatments, application all over the entire body is an absolute "must". It is easy to apply and even easy to remove with moist compresses.

### Thermo Body Pack

Prof. 4 Kg  
Ref. P-8882P

This autothermal body pack supports wellness treatment with algae extracts "par excellence". As soon as the Laminaria digitata algae powder is combined with water, the solution reacts by heating up. Under the influence of this heat, the wellness treatment has a particularly relaxing character.

### Moisturing Body Lotion

Prof. 1000 ml  
Ref. P-8901P

Caring Body Lotion with selected algae extracts, moisturising active ingredients and natural lipids. Moisturizing body lotion is the ideal conclusion to any wellness treatment. Thanks to its light, non-greasy texture, the emulsion is absorbed immediately, so you can dress straight away.
